

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 792355.

Deliverable D4.8

GEO4CIVHIC DSS for geothermal retrofit user manual

WP4

Grant Agreement number	792355
Project acronym	GEO4CIVHIC
Project full title	Most Easy, Efficient and Low Cost Geothermal Systems for Retrofitting Civil and Historical Buildings
Due date of deliverable	30/09/2021 (M42)
Lead beneficiary	7 – TECNALIA
Other authors	Sarah Noyé, Amaia Castelruiz (TECNALIA)

Dissemination Level

PU	Public	X
CO	Confidential, only for members of the consortium (including the Commission Services)	
CI	Classified, as referred to in Commission Decision 2001/844/EC	

Publishable summary

The D4.8 "GEO4CIVHIC DSS for geothermal retrofit user manual" is a public document delivered in the context of WP4, Task 4.3: "DSS implementation for civil and historical buildings geothermal retrofit".

The current document represents the user manual of the web-based Decision Support System developed in the project. The instructions for managing the user account, creating and configuring projects and easily following the different steps of the calculation process will be presented. The flexibility of the tool, which adapts to different levels of user expertise will also be shown. Finally, the document will give indications for the users to interpret the results provided by the website.
